Dear Annie,

I received your letter of
the 12th and was quite surprised to
hear about the "Warrior" but
for me I was really glad to hear that
the "Warrior" would be a commission
to keep it out of circulation in our
hands. What happened to Howard
by our own hands in the
they speak of the "Warrior" but
I don't know where it is now

and your letter of the 12th
