RG 21: Department of Health Annual Report Photographs, 1938-1973 (371 records)

RG 21, Records of the Arlington County Department of Health, 1938-1973, houses images documenting the department's activities. Special yearly scrapbooks, similar to an annual report, were created from 1938-1943 and are the bulk of the collection. Images document inspections of restaurants and dairies, vaccinations and check-ups, and even the Department's Children's Christmas Party. Arlington's Department of Health was one of the first of its kind in the nation.
