RG 17: Records of the Organized Women Voters (10 records)

RG 17: Records of the Organized Women Voters

The Organized Women Voters of Arlington County was founded in 1923 as the Arlington County League of Women Voters, and later that same year changed its name to the Organized Women Voters in order to remain clearly independent of the now nationally known League of Women Voters. As of 2017, the organization was still active in Arlington County.

The objectives of the organization were "to collect and disseminate political and civic information; to be non partisan; and to be free to take action on any County problem." The Organized Women Voters has been active in educating Arlington County voters on voting procedures and political candidates, as well as actively supporting women candidates for County Board positions. The organization also sponsored two yearly local events for a number of years—the Woman of the Year Award and the annual Birthday Luncheon.

Record Group 17 houses the scattered records of the Women Voters of Arlington County. The collection measures 9.2 linear feet, and ranges from 1923 to 2015. Found in this group are scattered meeting minutes, membership lists, meeting announcements, by-laws and constitution, financial documentation, memorabilia, and news clippings. Of particular interest are the early meeting minutes and correspondence for the 1923 through 1925 period. The collection also houses several photographs of members at their various functions.
