PG 100, *Arlington County Government Photographs, 1915-1997*, are images generated by several different county agencies documenting government activities and buildings. The bulk of the collection dates from 1955-1988, and many photos document the development of high rise buildings in Crystal City and Rosslyn. There are also images of the many iterations of the county courthouse, Department of Public Works and Department of Parks and Recreation activities, and members of the County Board and County School Board.
